1. Introduction

This guide will show you how to download and register the GARDiS software. The registration process uses TDSi's **Product Registration** website which, has been developed to improve the product registration process and can be found at <u>https://tdsi-product-registration.com</u>.

Key features of the website are:

- Download latest software installers
- Manage products of different sites
- Register serial numbers
- Deactivate products
- Manage and activate extensions to software licensing

2. Registration

1. Go to https://tdsi-product-registration.com/

Before you are able to login to the TDSi product registration website you will need to register.

To do this click on the **Click here** link.

2. Complete the registration form and click "Register".

Register				
Enter your details to r	egister			
ogin				
– Enter your details to log i	n			
Email Address:				
Password:				
RememberMe Forgotte	n Password?			
Login Not yet regist	ered? <u>Click here</u>			
The information you provi	te will be processed	in accordance with	TDSi's privacy policy locate	ed her

3. You will be presented with a confirmation window indicating that an email will be sent to the specified email address.

4. Once you have received the email follow the instructions and click on the link. This will return you to the product registration website to complete the registration process.

Complete the form and click on the "**Submit**" button.

Complete Registration

Please enter the details to complete your registration.

Email Address:	
Company Name:	
New Password (Leave blank to remain the same):	
Confirm Password:	
Submit	

You will now be able to log in to the TDSi product registration website.

3. Download

Once you've logged into the TDSi product registration site, click the "Download" tab.

You will then see the below screen, click the "GARDIS" installer link to download it.

You will then see the installer appear in your internet browser's download section.

For example, in Chrome you will see it appear in the bottom left-hand corner. Once downloaded, click the "**installer file**" to begin installing.

Make sure you download the "GARDiS Installation Manual" under the $\ensuremath{\mathsf{Documents}}$ title also.
